management practice (bmp) and solutions toolbox this section presents a brief illustrated overview of
a variety of site planning and stormwater and landscaping best management practices (bmps). the
bmps are integrated into the east branch

math 302: solutions to homework - williams college - one additional remark: we can trivially pass
from results on partials with respect to v to those with respect to u by noting that if $f = u + iv$ has
constant magnitude, so too does $g = if = v + iu$, which essentially switches the roles of u and v . though
this isn't needed for this problem, arguments such as this can be very useful.
